

Physics and Chemistry
of Advanced Materials
EUROPEAN DOCTORATE

Join our online presentations:

13. Nov. Aldo Lanzoni, University Catania
MS-based investigation of the seed protein fraction of chickpea
4. Dec. Antonio Brancato, University Catania
Platinum-Coated Silver Nanoplates: Synthesis and Application as a Reliable SERS Substrate
15. Jan. Justin Klimek, Carl von Ossietzky Universität Oldenburg
The role of water for CO₂ activation on highly defective rutile TiO₂
12. Feb. Pawel Koczanowski, Jagiellonian University
Avalanche Dynamics and Anisotropic Effects in Microscale Scratching of Molybdenum Disulfide

Talks are from 15:00 – 16:00.
